Supportive Lifestyle Package: Residents receiving this level of service may need minimal assistance with personal care activities but have difficulty in managing other activities that maintain their safety. This package can include but is not limited to med reminders, light housekeeping, laundry, etc.

*Includes one complimentary RN visit/month

Assisted Lifestyle Package: Residents receiving this level of service require more physical assistance with self care, wellness visits, transport to and from programs and a higher level of oversight for managing day to day tasks to enhance functioning.

*Includes two complimentary RN visits/month

Enhanced Lifestyle Package: Residents receiving this level of service are at a higher risk level for adverse events. They need significant daily support in living safely in their environment, managing medications and appointment assistance, assistance with meals, etc.

*Includes four complimentary RN visits/month

***Packages can be customized to meet residents' specific needs. As care needs increase (and the Functional Assessment score increases) a recommendation may be made to move to a higher level of care including a more appropriate care setting such as The Gardens or Rivercrest. Resident and/or family will be contacted by the Nurse Advocate to discuss care options.**
